HEALTH CERTIFICATE FOR EXPORT OF LIVE CRUSTACEANS AND MOLLUSCS TO TAIWAN FOR HUMAN CONSUMPTION

HEALTH DECLARATION

I, the undersigned, certify that

Live crustaceans and molluscs for human consumption purpose:

(1) The water area or aquaculture facility of origin have met one of the following conditions:

I. The following basic biosecurity measures are implemented in the water area or aquaculture facility of origin for at least previous two years:

(I) The listed diseases in the Attached table of the Quarantine Requirements for the Importation of Live Crustaceans and Molluscs are notifiable to the competent authority of the exporting country.

(II) The water area or aquaculture facility of origin has been subjected to an official fish health surveillance scheme according to the procedures described in the Manual of Diagnostic Tests for Aquatic Animals of the World Organization for Animal Health (hereafter referred to as the OIE Aquatic Manual) and is certified that the water area or aquaculture facility of origin is free from the listed diseases in the Attached table of the Quarantine Requirements for the Importation of Live Crustaceans and Molluscs for at least the previous two years.

II. Thirty days prior to the exportation live crustaceans and molluscs, samples have been collected from the water area or aquaculture facility of origin in accordance with the OIE Aquatic Manual. The samples have been tested with negative results for diseases listed in the Attached table of the Quarantine Requirements for the Importation of Live Crustaceans and Molluscs by laboratory that is designated by the exporting country and using the methods described in the OIE Aquatic Manual.

Results of Quarantine Inspection:

Disease Name	Date of Sample Collection	Sampling Amount	Name of the Laboratory Testing the Samples	Method of the Tests	Result of the Test

- (2) For the sample collection and testing, if the test methods of listed diseases are not designated in the OIE Aquatic Manual, the test methods of the diseases that have been published in international science journals shall be used.
- (3) The importation of live crustaceans and molluscs for human consumption has been complied with the Article 11 of Act Governing Food Sanitation.
